

PEO Exits Made Easy with HUB & UKG

Considering leaving your PEO? Push the easy button with HUB International and UKG. As a top 5 global broker and UKG-Certified implementation partner, HUB International is uniquely positioned to elevate your PEO exit experience through implementation and beyond.

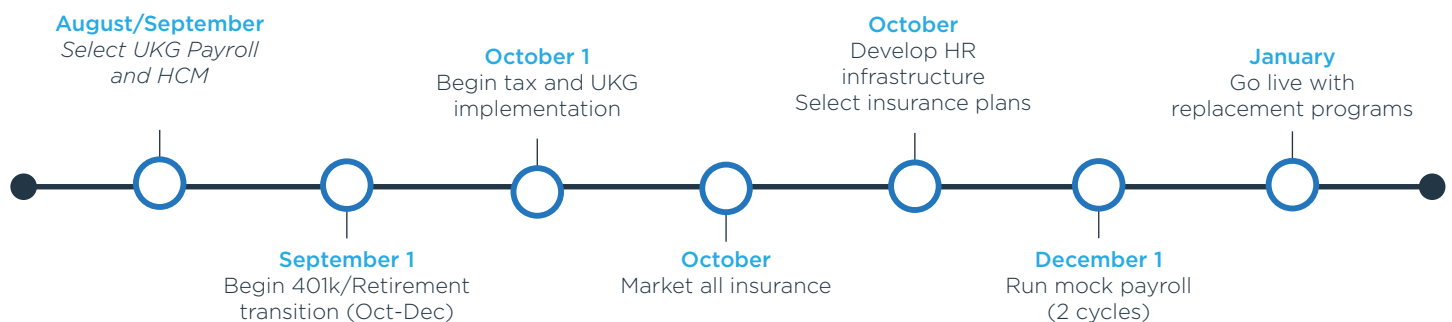

WHY TO LEAVE A PEO:

Highly Compensated & Strategic Organizations: Put your data to work for you. PEOs do not allow for comprehensive data management, which you will find with HUB & UKG.

Rapidly Growing Organizations: A high functioning HR department requires more efficient technology, improved data integrity, customizable workflows, and access to quick, accurate reporting.

Cost Conscious Organization: HUB & UKG can help you stop overpaying for taxes, insurance premiums, vendor costs, and technology.

HUB's UKG-Certified People & Technology Consulting practice can provide the guidance and hands-on support you need to exit your PEO, while ensuring there are no interruptions for your organization or employees. Our team will work with you to develop a strategic plan to migrate your organization's benefits, HR/payroll technology, and lines of business insurance as well as provide ongoing human resource support throughout the transition.

PEO EXTRACTION SUPPORT INCLUDES:

- Development and delivery of a custom HR and Technology project plan
- Daily support to maintain project plan, ensure project is on track, manage open items log, and coordinate meetings between your team, UKG and additional third parties
- Determining impact to the employee population and developing employee communications in alignment with a change management strategy and methodology

When you work with HUB, you're working with a team of experts who will help you improve your profitability, enhance the vitality of your workforce and remain resilient into the future.

Let's protect what matters most.
